Programme

- 14.00 **Arrival and welcome**
Iain Pritchard – Adapta Consulting
- 14:15 **Getting past the demo**
Azadi Sheridan, Adapta Consulting
- 14:45 **Case studies**
Short stories from speakers
Liz Essex, GOSHCC
Tim Bissett, St Martin-in-the-Fields Charity
- 16:00 **Discussion and feedback**
All
A round table discussion and feedback.
- 16.45 **Review and close**
Iain Pritchard – Adapta Consulting

Adapta Consulting

We are:

- A specialist information systems consultancy
- We only work with membership organisations, charities, associations, trusts and others in the NfP sector
- We are completely supplier-independent
- Our consultants have held senior positions in a broad range of different organisations
- Our advice and guidance is based on practical experience gained over many years.

Introductions

Getting Past The Demo

CRM and Cake – 12 July 2017
Azadi Sheridan, Associate

BlaBlaMeter - how much bullshit hides in your text?

PR-Experts, politicians, ad writers or scientists need to be strong here!
BlaBlaMeter unmaskes without mercy how much bullshit hides in any text.

A useful tool for everyone involved in writing!

Simply copy your text into the white field and check your writing style. It works with english text up to 15.000 characters (overhead will be cut off). For a meaningful result we recommend a minimum length of 5 sentences.

Establish Requirements

Requirements: Never Perfect

How the customer explained it

How the project leader understood it

How the engineer designed it

How the programmer wrote it

How the sales executive described it

How the project was documented

What operations installed

How the customer was billed

How the helpdesk supported it

What the customer really needed

Requirements: Never Perfect

Vintage Leather Boot.

£125.00

These are the best boots with any outfit and are really comfortable, they are brown and high quality.

- Vintage style
- Leather

These are the best boots with any outfit and are really comfortable, they are brown and high quality.

Shoe Size:

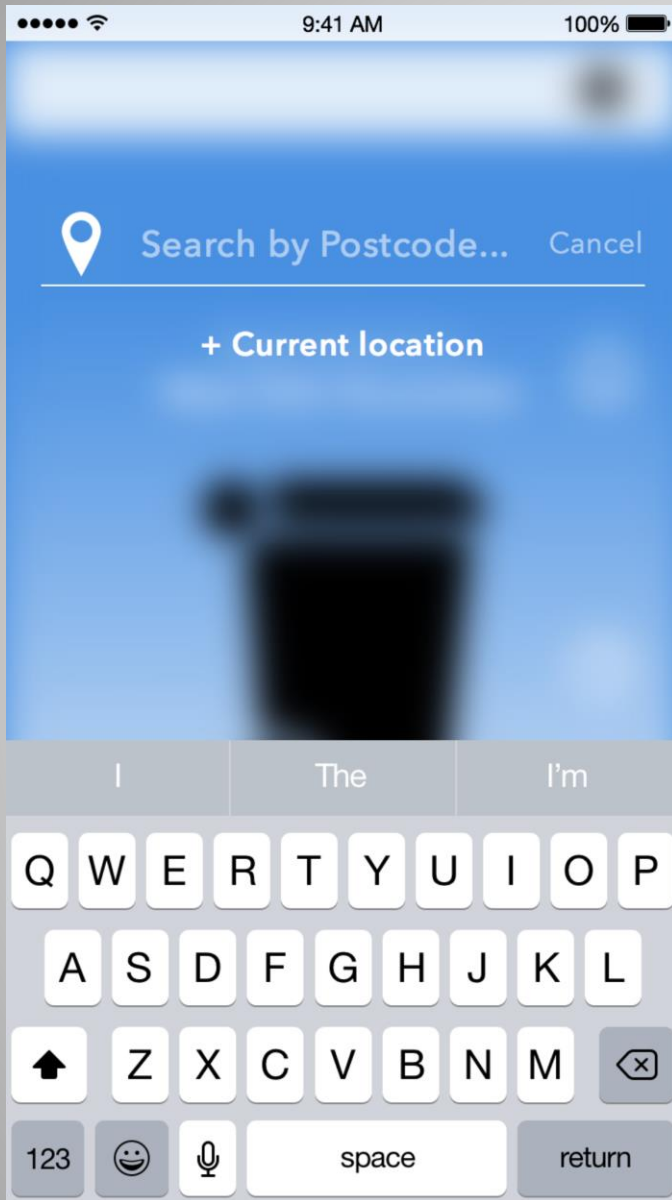

Quantity: at £125.00 each

**Know who you want to
work with – not just what
software you want.**

The most important decisions
you make are not the things you
do, but the things you decide not
to do.

Steve Jobs

**Great
Meetings
Are Made
by Great
Agendas**

A group of five business professionals in a meeting. A woman in a black suit is pointing at a laptop screen. A man in a grey suit and glasses is smiling. A man in a dark suit is shaking hands with the woman in the black suit. A woman in a dark pinstriped suit is shaking hands with the man in the dark suit. A man in a dark pinstriped suit is looking at the laptop. The background is white.

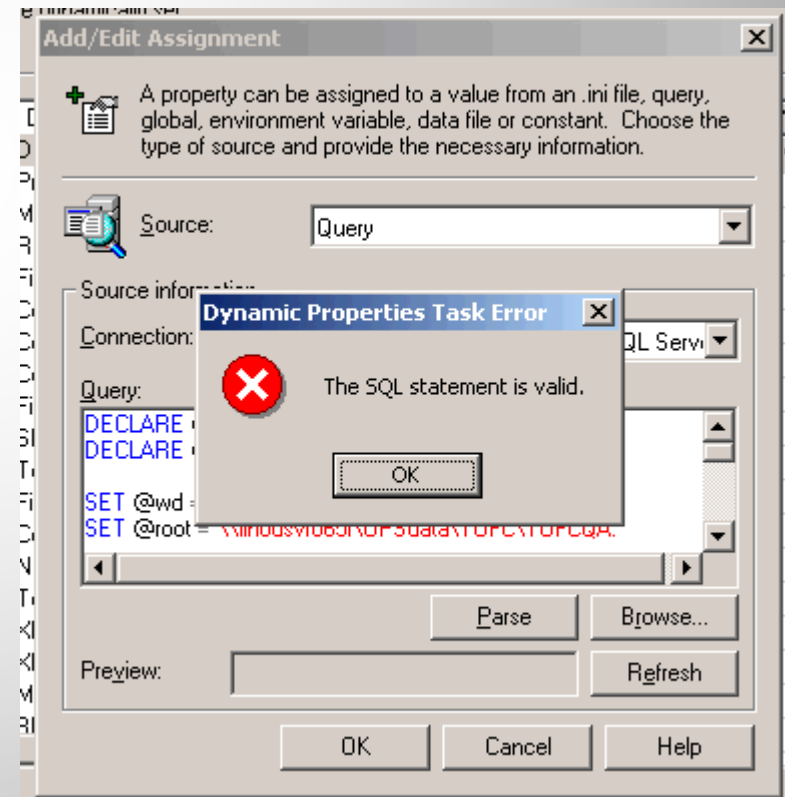

**Don't get
stuck in
PowerPoint**

“We can do that”

Also known as
“You can do
that using our
intuitive
reporting
tool.”

“If you hover a mouse over an button but don’t click, the viewer can imagine the perfect version of what happens next.”

Your PC ran into a problem that it couldn't handle, and now it needs to restart.

You can search for the error online: `HAL_INITIALIZATION_FAILED`

**It doesn't “just
happen in demos”**

Bad:

**“We are the
biggest/
best/
friendliest”**

Good:

**“Let me
share an
example of
how we
work”**

**“What do
you think
best
practice
is?”**

=

**“I have no
idea
about this
area, but
I know I
should.”**

**“What do
you think
best
practice =
is?”**

**“This should be
in our software.
Perhaps you will
feel better
about that if I
give you the mic
for a while?”**

**“Is that
feature
within
the
planned
budget?”**

Work through a scenario

Use interview techniques

**Seek insight rather than
answers**

Azadi's Demo Tips Summary

- 1) Establish requirements – know what you are looking for
- 2) Set-up an agenda for success – focus on requirements and gaps in understanding
- 3) Watch out for smoke and mirrors – ask questions
- 4) Use actual scenarios – get a little test drive
- 5) Interview not just demo
- 6) Suppliers are people too – encourage them along with humour and decent tea

Thank you!

Cake

**SALESFORCE CRM SELECTION
LIZ ESSEX**

12-July-2017

AGENDA

- CRM aims
- CRM Selection & tender
- What can go wrong?
- Salesforce
- Current Status
- Next 6 months
- Q & A

CRM AIMS

- **Salesforce CRM:** Replace the Charity's legacy Raiser's Edge system, version development roadmap parked and would not enable the charity to comply with upcoming regulatory changes. Providing a full view of a supporter's interaction with the charity across all our fundraising teams.
- **Salesforce Wave Analytics:** Unlock the insight held in our new CRM systems data, enabling all fundraisers to access dashboards and reports in real time, without the need to rely on the central Business Intelligence team.
- **Salesforce Marketing Cloud:** Automate Email and SMS marketing journeys, reducing the need for teams to manually process files and improving supporter journeys (e.g. event registration, instructions, advice and donation chasing)
- **Direct Debits:** Connecting to a third party provider of Direct Debit processing to reduce the risk of missed collections and reduce reliance on limited numbers of GOSH Charity staff.
- **Data Import Automation:** Data is the life blood of fundraising teams; implementing strategic technology to reduce the manual effort required to load data from many external sources (such as Just Giving and Virgin Money).
- **Integration with Finance System:** Integrating Salesforce with the Charity's Agresso finance system to ensure the fundraisers have accurate information that matches the management accounts, and also provide monthly reconciliation of donations against income.

CRM SELECTION & TENDER

- **Do you really need a new CRM?**
- Consultancy to help create tender framework
- Confirm high level requirements – user stories (1,100)
- Create RFI
- OJEU
- Potential vendors and market research

CRM SELECTION & TENDER

VENDOR SELECTION & TENDER

- **Track Record:**
 - Is CRM part of their core services?
 - References?
- **Capability:**
 - Skills, certifications?
 - Project management, architecture and integration, business analysis, effort estimation, developers, test management and scripting, deployment, information governance, business intelligence, plug-ins, legal
 - Where is the data at rest?
 - Charity experience is helpful, but not always necessary
- **Capacity:**
 - How many in their project and technical team?
 - Will their project and team be dedicated to your project solely?
- **Do they deliver what they promised, by when they promised it?**

TRACKER: PROJECT MANAGEMENT & COLLABORATION TOOL

The screenshot shows a web browser window with two tabs: 'Adapta Events: CRM and...' and 'Salesforce - Enterprise Ec...'. The address bar shows the URL 'https://gosstracker.my.salesforce.com/home/home.jsp'. The page header includes the Great Ormond Street Hospital Charity logo, a search bar, and user information for 'Elizabeth Essex' with a 'Tracker' dropdown menu. A navigation bar contains links for Home, Chatter, User Stories, Tickets, Risks & Issues, Decisions & Questions, Meetings, Designs, Reports, and Dashboards. Below the navigation bar, the user's profile 'Elizabeth Essex' is shown with a 'Discover Summer '17' badge and a 'Hide Feed' button. The main content area features a 'Post' section with a text input field 'Share an update, @mention someone...' and a 'Share' button. To the right, there is a 'Recommendations' section with a link to 'Get The Salesforce1 App' and a small Salesforce logo.

CURRENT STATUS

Achievements

- **Salesforce Functionality - Phase 1 fully implemented**, Phase 2 developed and in testing. **Marketing Cloud live** and first email campaigns in planning
- **Raisers Edge – dormant since 30th April** and various spreadsheets now replaced
- **Data Integrity** - Finance reconciliation between Agresso and Salesforce in place (net known differences on 2 months May and June)
- **Historic Data Migration – large volumes and highest priorities completed** including 35 million opportunities (income records) migrated – number of records exactly reconciled to RE, £0.85p difference on over 20 years' income data.
- **Data Imports** – high volume and value DDs operational
- **Reporting** - several dashboards and reports developed
- **Benefits and Improvements** – being realised and shared with wider teams

CURRENT STATUS

Work in Progress

- **Imports** – GOSH Charity staff being trained in developing other imports
- **BI Warehouse** – aiming for go live by end of July
- **Gift Aid claim** – submitting first high volume claim
- **Reporting** – ensuring consistent and ‘one version of truth’. Also ongoing work in skills and knowledge transfer

NEXT 6 MONTHS

- **Ongoing technical support**
 - Contracts in place with re imports, exports, data
 - Salesforce – Programme Architect volunteering over next 4 months
 - January/February 2018 – tender for ongoing Systems Integrator support
- **Building GOSH Charity team**
 - Internal appointments and securing key team members' knowledge transfer
- **Change Management**
 - Ongoing confidence building and knowledge sharing, building into our “business as usual”
- **Knowledge and Skills building**
 - Sprint 15, partnering with Deloitte, QBase, Salesforce
- **Process Improvement/Simplification**
 - Review new processes to ensure maximising opportunities of Salesforce
- **Benefits Case**
 - Reviewing benefits case on regular basis

Q & A

Case study

Tim Bissett

Director

St Martin-in-the-Fields Charity

A black and white photograph of St Martin-in-the-Fields church in London at night. The church's tall, slender spire is the central focus, topped with a cross. The building's facade is illuminated, and its reflection is visible on the wet, reflective pavement in the foreground. To the left, a large classical building with columns is also lit up. To the right, a statue on a horse is visible. The sky is dark, and numerous white snowflakes are falling, creating a soft, wintry atmosphere. The overall scene is captured in a cinematic style with high contrast and a focus on architectural details.

St Martin-in-the-Fields Charity

CHRISTMAS
APPEAL

90
YEARS

BBC Radio 4 Christmas Appeal with St Martin-in-the-Fields

- Longest running Radio Appeal in the world – since 1927
- One of three BBC partners charities – with Comic Relief and Children in Need
- Broadcast partners are BBC Radio 4 and BBC Radio 4 Extra

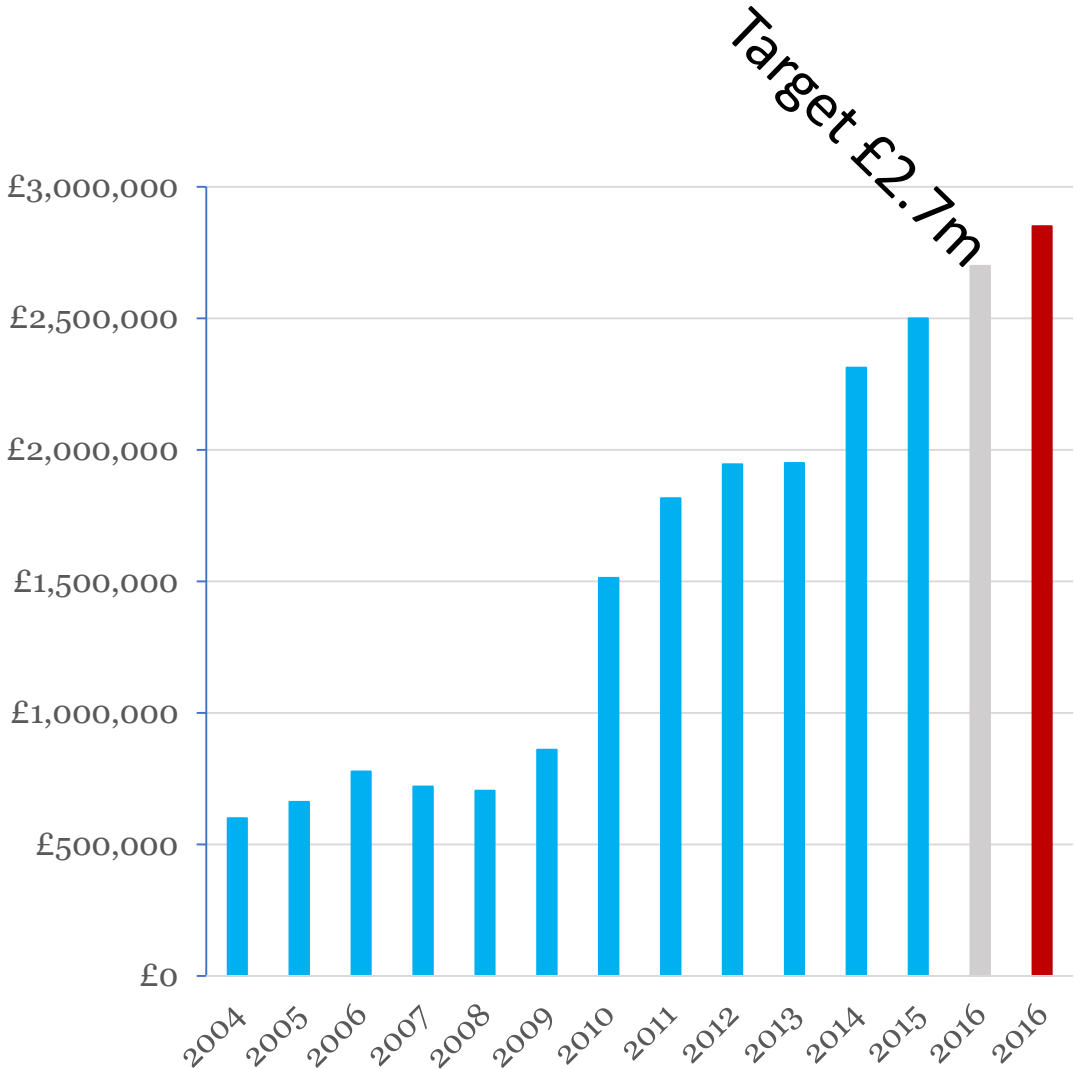

BBC Radio 4 Christmas Appeal with St Martin-in-the-Fields

- ‘Appeal Day’ first Sunday in December
- Partnership period 1 November to 31 January
- Multi-platform campaign including broadcasts, trailers, social media, DM and email
- Audience of approx. 1.4 million Radio 4 listeners
- £2.2m income from 20,000 in 3 weeks

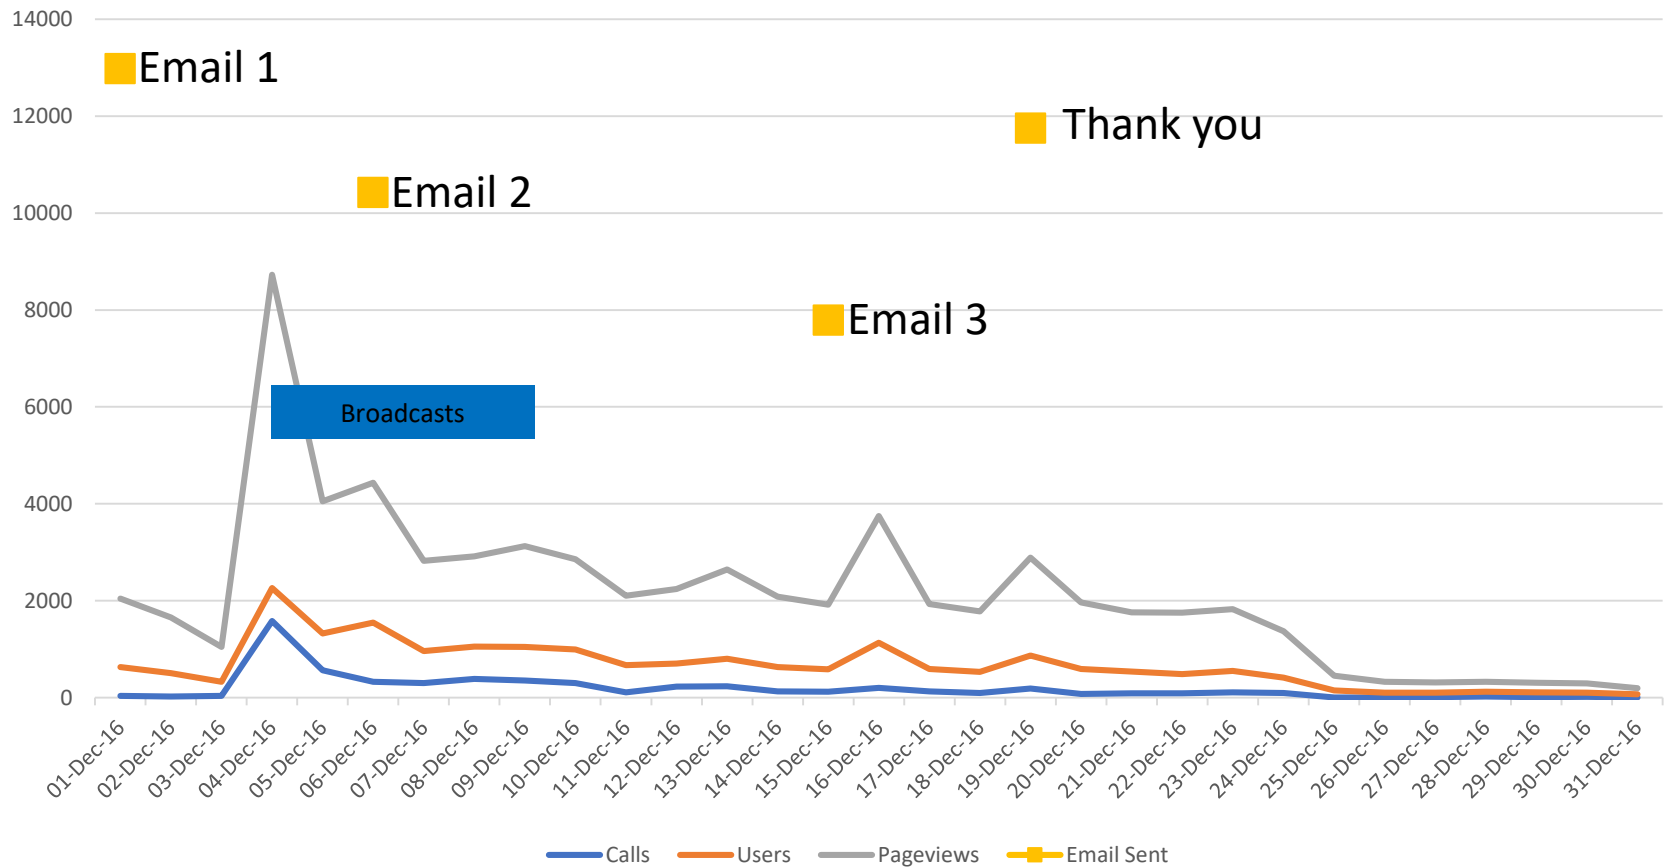

2016 Appeal Total

£2,846,596

Activity

Why Donorfy?

Human Reasons

- Knew FB Consulting (Robin, Ben and Lindsay)
- Price – it's affordable, priced on constituents not users
- 100% cloud based

Donorfy

Our system

- 43k constituents
- Use most of the integrations
- 6 users

Why Donorfy?

Technical Reasons

- 100% cloud based – security and ‘the BBC’*
- Support
- Service integration – especially Stripe, MailChimp, Eventbrite, HMRC, GoCardless, Just Giving
- Data analysis – link to PowerBI and Excel
- Cheque and Gift Aid scanning integration

Donorfy

Problems?

- Some processing can be slow
- Search and Lists
- Data analysis – access to data – link to PowerBI and Excel
- Can't modify the Dashboard
