INSTITUTE OF CONSULTING
RECOGNISED PRACTICE

2016 MemberWise Recognised Supplier

Adapta Consulting

We are:

- A specialist information systems consultancy
- We only work with membership organisations, charities, associations, trusts and others in the NfP sector
- We are completely supplier-independent
- Our consultants have held senior positions in a broad range of different organisations
- Our advice and guidance is based on practical experience gained over many years.

adapta

Programme

14.00	**Arrival and welcome** Welcome to the event, introductions and overview of the agenda for the afternoon.
14:15	**Overview of cloud-base services available to the sector** A state of the market summary including a review of the key issues driving nfp organisations to cloud-based services.
14:30	**Case studies** Short stories from speakers Short practical case studies from speakers who have implemented cloud-based services within their organisation – including what has worked well …and what has not!
15:45	**Discussion and feedback** **All** A round table discussion and feedback.
16.30 - 17.00	**Review and close**

These were the neighbours

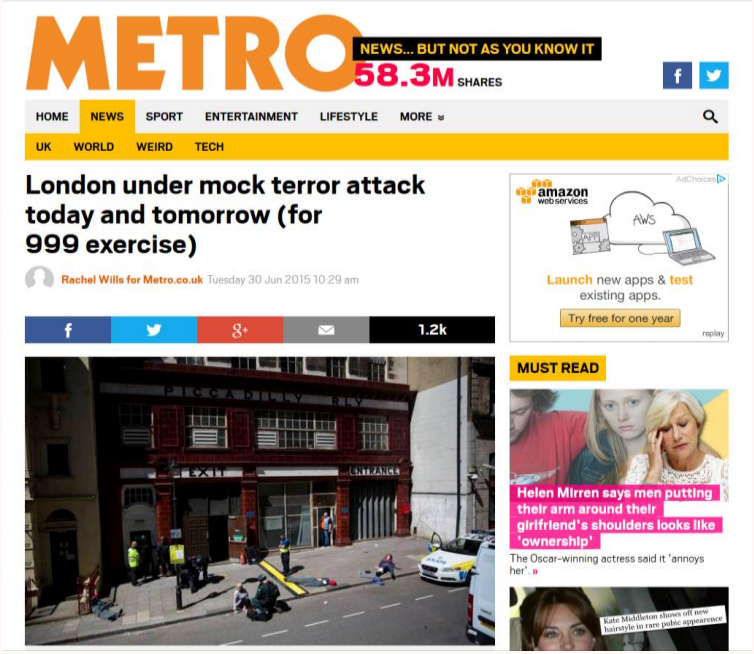
London 2012 Olympics: Fears grow of Olympic tube chaos

Fears are growing over the ability of London's tube network to cope during the Olympics after the system suffered another catastrophic morning.

So we moved

Not everyone was happy

More seriously



Cloud drivers

- Disaster recovery
- Flexible working for staff
- Lower costs/ better cost management
- Increased reliability
- Better systems

The beginning of our journey

People

Anywhere with internet	Home	Technology Trust Office
okta Symantec.cloud	okta Symantec.cloud	okta Symantec.cloud

Benefits

- Complete office flexibility
- Easy home working
- Very high reliability
- Massively increased functionality and usability
- Savings on support have offset revenue cost increases
  - Significant decrease in staff time spent on IT problems
- No anticipated capital costs

Learnings

- There are quite a few ways to do this
  - Read the reports (5 best ….)
  - Try before you buy
- Get as much bandwidth as you can afford into the office
- Identify the full cost of what you have today
- Do it in stages
- Take people with you
- Have a good ‘spring clean’ of your email and files

One problem we still have to solve .....

Discussion and feedback
